

## Children with Medical Needs Policy -Plan

In the event that a child attending the preschool has medical needs, an individualized plan must be developed in consultation with the parent and any regulated health professional who is involved in the child's health care. The following chart must be completed:

Child's Name	
Steps to Reduce Child's Risk (e.g. being exposed to any causative agents, situations that may exacerbate a medical condition or cause allergic reaction or other medical emergency)	
Description and instructions of medical devices child uses	
Description of Procedure to Follow in the Event of an allergic reaction or other Medical Emergency	

Description of Supports Available to Child in the Classroom	
Additional Procedures/Notes for Off-Site Field Trips or Evacuations
